	<b>Comments :</b>	Finally there is a place at where i can show where much of the ritual abuse that I endured occured. My parents and others ensured that this was kept silent. At 45 I am now dealing with the memories and pain. Thankyou. My abuse also occured in the Dandenong's Victoria.

	<p><b>Comments :</b> I was ritually abused by my biological father who sold me to priests when I was 4. I was documented at 5. When I told my dad they tried ti KILL us and I witnessed a Murder James S. was Paul A priest's scapegoat he was shot then gutted to death in front of me as my dad fought 6 men for our lives and my freedom from abuse. 3 of the men were police officers doing Paul Apriests dirty work. I never escaped them they tortured me in many ways over the years later on I was kidnapped twice and then beaten raped and sterilized against my will at the age of 27 in 1983 and was forced to fellate my original abuser Leo Apriest his real name was Bob Apriest I shall fear no evil! Everybody should write what happened to us we are not alone! Someone has to care! My civil and human rights were violated many times in northern maine just to keep the roman Catholic churches dirty little secret of Catholic Heirarcy's organized Abuses and Molestations and Murders!....Fear no Evil! Write!</p>

	<p><b>Comments :</b> My family was into the practice of ritual abuse with my father as the leader. My parents were very "religious" Catholics on the surface. My first memory of abuse was when I was about 3 months old. It continued well into my adolescence and occurred in Minnesota, South Dakota and Minnesota. There were gatherings of extended family at certain times of the year. I do not know if it still continues. I have wondered about my brother. Both of my parents are dead and my sister who was a year older than me claims not to even remember incest so she is in denial. I have never approached my brother but I have made great strides in healing from the abuse. That is what matters most to me.</p>

	<b>Comments :</b>	ritual abuse masonic and grange based. multigenerational from infancy to teenage years. memories surfaced at a ge 38 (i'm 50 now). a cousin whom i hadn' talked to in 20 years independently came up with same types of memories. abuse invovled satanic/witch rituals. kiddie porn was filmed with my brother and me and my cousin. one snuff film. lots of animal killings to scare and terrorize us. we were "rented out" for sex to pedofiles. my father was also an arsonist and blackmailed people with films of them sexually abusing us. this was in the chicago area late 50's and 60's. some abuse took place in wisconsin, just over the border.

	<b>Comments :</b>	Our family was ritually abused in the Wichita, KS area for many years. The truth began to come out in 1997. There is a large Satanic group/s in this area, which deals with child prostitution, drug trade, movie-making, baby selling, pedophilia, hypnosis and other illegal acts against children and adults. They have an underground Temple West of Wichita, where they have Pagan ceremonies. Please email me with questions or comments.
