Comments :		I am running still from my family who run a cult, they have destroyed my life. Southern Ontario, Eastern Ontario, Western Quebec. I am scared because I am not sure if I will make it and because there are so many still there.

Comments :		I was ritually abused in Vt. and PA. by my grandfather and my father from the age of five to the age of thirteen. At age twelve, my father impregnated me. The baby was to be Satan's child. My mother arranged for an abortion at around six months gestation. I was raped by the physician after the procedure. My parent's were divorced shortly after the abortion. I dissociated from these memories until my late forties. I am now beginning to heal.

Comments :		I was born into satanic ritual abuse in 1940. The torture began in utero. My abuse and involvement was international in scope including large portions of the United States, Canada, and Europe. I had no recall until 16 years ago when I began working with a therapist who said the first time I saw her, "I believe a person can recover from anything." That resonated in me, I grabbed hold of her belief, and two months later recovered my first memory. Over and over during the next 8 years, I remembered and said, "This can't be true. I must be making this up!" Her reply, "Could you possibly make this all up?" We had neither heard of ritual abuse. Today, 16 years after that beginning which saved my life, I believe a person can recover from anything and that what your body knows is true. These abuses have been happening for generations, and what collectively we are remembering is only the tip of the iceberg. Please help us by hearing us, by believing, by providing training to professionals in governmental positions, in law enforcement, clergy and health professionals, both mental and physical, and by protecting those who are courageous enough to work with us. Also, we are desperate for financial aide and safe places to recover from mind control programming and dissociative disorders and from those who would harm us and prevent us from recovering. Thank you

Collins frontrange area and also Colo. Springs. Anyone who might have been in this area in the late 50's-early 70's is welcome to email me.

	Comments :	Because of my children standing strong and reporting the abuse they endured and the murders they witnessed in KY they have been taken from me and given to their abusers by the state of MI (where I presently live). The authorities say that I must have made this up even though there is an open investigation in KY. Please pray for my children while I sue the state to have them returned to me.
