	Comments : I was drugged and held for a weekend by a group of sadistic rapists/torturers. I don't think I was the only one. I think this happens every month in Victoria.

	Comments : I grew up in a family of very uneducated people. The abuse was constant from birth to adulthood. I am now 53 (2006) and still under going therapy trying to feel normal. I am a transexual.

	Comments :	Multi-generational Mormon network, strong Masonic elements, child sex abuse, incest, babies taken early. I ran far away as soon as it was possible. That was 25 years ago, but I will never forget one detail.

	Comments :	satanic ritual abuse, incest, priest abuse in the 1950's and 60's. The cult was most active in Dearborn Heights, but had outdoor gatherings in a remote part of northern Michigan, somewhere west of Indian River.

	Comments :	After many years of being gang stalked, last year I became blatantly aware that I was being ritually abused. This occurred after having a domestic violence restraint order served to my former partner, realizing he is a perpetrator. My abuse included electromagnetic Directed Energy Weapons use to assault me, high tech surveillance and possible programming that I continue to try to address. A church in Tasmania is well acquainted with SRA and offers professional guidance. I welcome contact with other casualties in this covert war on innocent people, especially Aussies and Louisianians. Best courage to you all. Deborah

	Comments :	I have been followed/harassed while driving for 4 months now. This starting, after my wife filed for a restraining order against me, following a dispute we had. We are doing fine now, but organizations against domestic violence are not satisfied. They continue to stalk/harass me in huge numbers >100 people. Suicide? No way!I've contemplated murder(them, not me!).

	Comments :	I was tortured for five years by Tibetan Buddhists for my bad karma. It's taken 25 years to recove so far. I attempted suicide once, and may yet die by suicide. Torture is endemic in Tibetan culture, as the religious leaders torture people in religous subordination.

	Comments :	I was abused in Arcadia, CA and Orange County The perpetrators were child pornographers and appeared to be a fraternal organization, utilizing brainwashing, torture/isolation, threats, double binds, killing of pets and multiple personality creation to utilize children in pornography films in various southern CA locations. my dad appeared to always be going to "charity" meetings and "board of director" meetings -- the pilar of the community. It's my suspicion many of these were the cover. It took me 30 years to remember through diligent belief in myself, my feelings and my reality to break through programming designed so i'd never remember. It's my life's work to put a stop to this abuse. Best, Marjorie
