	<b>Comments :</b>	Multigenerational freemason/catholic connection with high level illuminati programming since birth, escaped at 20yrs, recovered memories of extreme illuminati connections with US, trafficked around US for 2 years (high level current day politicians involved along with CIA programming) Im still alive but fighting horrendous amounts of programming along with DID diagnosis. determined to expose all involved and educate people on SRA and how deep it goes with connections through every class and socio/economic system. SRA happened in Ashburton/Christchurch NZ but was trafficked to high level political/military locations in US. There is survival and hope after SRA. Never let them win.

	<b>Comments :</b>	<p>La Crosse, Wisconsin and all the hidden farms and underground networks in the corn fields and old farms.</p> <p>I was raised in a Masonic Satanic cult. My dad was a high priest. All my friends were tortured to death or sacrificed. I had over 2000 others. (mpd) My sister, brother and myself were tortured, drugged, raped, forced into child pornography, prostitution and snuff films. Illuminati based and very sophisticated in their programming/torture techniques. They trafficked in children, drugs, films etc.. and our entire community were involved. Our pediatrician, pharmacist, police, dentist and dad's doctors were all masons who were involved in the satanic rituals. thousands died... i got out alive. God bless us all.</p>
